

NEW MEDICINE.

Masta's Genuine Indian Vegetable Fugitative Pills.

THE most generally approved family medicine now to be had at all the principal stores in every village and town in this state and throughout the state of New Hampshire and Canada East.

For Bilious and Inflammatory Fevers, Indigestion, Headache, Dyspepsia, Liver Complaints, Constipation, Piles, Jaundice, Cholic Pain in the Stomach and Side, Heartburn, Perverted Appetite, Diarrhea, Dysentery, Impure Blood, and all Derangements of the Bowels System.

The proprietor has such confidence in these Pills, that he would say to all persons who may purchase a box of them, that if after taking one or two doses, in accordance with the directions, they should not be satisfied with them, the money paid will be refunded, or the charge for the same cancelled, by returning the box in a usable condition, with the remainder of the Pills. Agents selling them are requested to conform to this rule.

If you and your family have been in the habit of using pills, try them, and you will find them as good, if not better, in many respects, than any you have ever used before. Do not say to yourself, I should be glad to buy a box of them, but there are so many kinds before the public already, some recommended for one thing, others for another, and the rest for every thing, that I have no confidence in any of them, believing them all to be made for speculative purposes. With out doubt, many proprietary medicines are too highly recommended; and made merely for speculation. All this may be; but these Pills will be found to answer, as a general thing, the purposes for which they are designed.

Try them and see for yourself, if you do not like them, return the box with the remainder of the pills and they will cost you nothing. Call for Masta's Pills, and see that the name is on the box.

For further particulars in relation to them see pamphlet, sold in this village by J. Barrett & Son, and Jas. Foster, Henry Simonds and L. Rockwood, Pittsford, E. W. Jackson and V. Ross, Brandon, D. Morgan Jr. & Co., West Rutland; Ripley & Bailey, Mill Village, and by one or more merchants in every town in the county and throughout the State.

1848.

WOOL & WOOLEN GOODS.

THE undersigned adopt this method of returning their sincere thanks to their friends and the public for the very liberal patronage they have received in their business for the last year. It has been their constant aim and endeavor to merit the situation bestowed upon them by the Farmers, Merchants and Wool-growers, and to make it for the interest of the consumers of woolen Goods to trade with them.

To those who are acquainted with their terms and have worn cloths manufactured by them, it will be unnecessary to say a word, and to those who are not, they would simply say, come and see for yourselves. Their skill and experience as woolen manufacturers is already well known to the public. Their establishment has been enlarged nearly one half from what it was one year ago. They have made some additions to the machinery, all of which is in the best possible condition. They are prepared to do double the amount of work and do it better than they have ever done before, and better than can be done elsewhere in this part of the country for the same price. Their motto is *Ourselves, from good to better!* for instead of allowing their cloths to diminish in worth and beauty, they are determined, by strict attention to their business, to have them improve.

There is a system of shewing practiced by some manufacturers, consisting of working in cotton, fuling in docks, working in waste and dyings, leaving in starch and gum to make the cloth feel heavier, &c. In proof that nothing of the kind is practiced by the subscribers, those who may wish to satisfy themselves are referred to those living in the vicinity of the mill and to peddlars and news-makars, who buy their cloths and waste.

And now to those who are in want of good Cloth. We have on hand and are constantly getting out that of the best kind for farmers and mechanics as well as merchants. Fleece, Wool, Paired do., Togs and Pelts, received to work or in exchange, as usual. Our Goods are warranted to be just what they appear to be.

A. KILBURN & SON,

Hydeville April 10, 1848. 12:15

PREPARED BY J. S. WOOD, M. D. OF ALBANY, N. Y. AS A PURIFYER OF THE BLOOD.

IT IS WARRANTED TO BE
The most thorough, yet mild, of any in the market.

As a proof we give the testimony of the following named gentlemen in their own words, viz:

Dr. Wood's Saraparilla Elixir "Excellently the popular medicines." Rev. Allen Steele.

"Is Infinitely superior to Townsends." Peter McChemey, Esq.

"The best ever offered to the American people." Rev. T. R. Rawson.

"The best preparation of the kind in use." Dr. E. Church.

"Far superior to Townsend's, and at least four times stronger." J. Congdon, Esq.

"Cheaper and better than Townsend's."

"The best preparation of Saraparilla in market." Dr. B. F. Fairchild.

"Far superior to Townsend's and three or four times stronger." G. L. Carnduff, Esq.

"In the fixedness of principle and stern integrity of Doctor Wood we have assurance that no article appearing under his name would be other than as represented by him. His Saraparilla stands high wherever it has been introduced." —[Albany Spectator]

The following is an extract of a letter addressed to A. B. & D. Sands from the agent at Derby Line.

Derby Line, Vt. May 7, 1848.

Gentlemen—I received the box of "Dead Shot" Vermifuge about fifteen days since, and have only a few dozen left on hand, which will be gone in less than ten days. It seems to do the work to the perfect satisfaction of him who uses it. I bear some great accounts of it, where it had produced the expulsion of from 25 to 200 to 115 worms from one person and nearly the same number from some children. Of course you will think worms of the prevailing diseases in Canada and Vermont. Please send me another supply as soon as convenient. Respectfully,

T. C. BUTLER.

Price 25 cents. Prepared by Dr. F. H. Peery, and sold wholesale and retail by A. B. & D. Sands, Druggists, 109 Fulton street, corner of William, New York. S. Id also by Luther Daniels, Rutland; E. J. Bliss & Co., Brandon, and by Druggists generally throughout the United States.

Notice.

I bought of Messrs. W. & B. Douglass the exclusive rights of vending and making their Patent Hydraulic Ram in Rutland County, and the eight rights of vending in the adjoining counties, until the same shall be sold to others, offers the same for sale and warrants them to be what they are represented.

He also keeps Douglass'

Pump, Lead Pipe, in any quantity for experiments, and Hydraulic ram, an excellent article for Canals, Wells, Cellars, and Garden Walks.
